EQUESTRIAN ADVENTURES

While there are countless ways to enjoy the natural beauty that surrounds Park City, there's nothing quite like experiencing this spectacular terrain than from the seat of a saddle! Natural & pristine alpine lakes, wildflower-laden meadows, rugged ridges - and possibly even a glimpse of a deer, elk or moose! - are on full display throughout 1,000 privately owned acres. Escape the crowds and find serenity as you journey through this private oasis just minutes from Main Street.

All rides are guided by Park City's premier mountain guides and are perfect for any group and all skill levels.

90 or 120 minute private or group tours available, departing every two hours starting at 9:00am to 3:00pm. This activity requires guests to be 8+ years old.

GUIDED MOUNTAIN BIKING

The secret is out. Park City has over 450 miles of single-track trails, and they are waiting for you no matter your skill level. With a brand-new fleet of 2019 full suspension Scott Genius bikes you'll explore the best trails on the best bikes. From rolling paved paths to challenging single track there are numerous options around town. We will work with you to find the perfect ride for your experience and desires.

Beginners can cut their teeth on Round Valley's gravel double track while experienced riders can put together a seamless all mountain ride to challenge themselves. Our mountain bike tours are always private so we can provide the best possible level of service to you.

These Park City Mountain bike tours are for everyone! From beginners interested in a scenic outing to experienced individuals looking for a thrilling downhill adventure. Here solely to ride, let us take the guesswork out and design an epic ride just for you! Park City was IMBA's first gold medal rated city.

TRAP SHOOTING

Take aim at the sporting life as you test your skills at a private rustic clay pigeon trap shooting range, located about 20 minutes from Park City.

This Wild West experience is completely customizable and caters to everyone from first-time shooters to advanced marksmen, offering motorized, standard and wobble traps, and even a five stand for those looking for more of a challenge.

Each person will have a 12-gauge shotgun and two boxes of shells (50 rounds) to start, with more available at an additional cost, and receive training and all of the safety essentials from experienced instructors. Range time is 1-2 hours.

GUIDED OFF ROAD TOURS

Ready to get out on the trail and start your adventure? Heber Valley, Park City, and Midway offer nearly limitless opportunities for an off-road experience that is sure to meet your adventurous expectations. Literally surrounded by mountain trails in every direction, your off-road adventure will take you to high elevation vistas, many creek crossings, and sightings of deer, elk and moose.

It is an adventure you must experience on your visit to Utah! Regardless of whether you're a local or out of state visitor, we have you covered.

If you prefer to have someone else navigate, a guided ATV tour is the perfect way to see the best scenery around Park City. All guides are trained in first aid and CPR and have completed the Wilderness First Responder training to quickly tend to needs, specifically in remote areas.

We offer a variety of tour options to fit every time frame and budget, including unguided tours and rentals are also available for experienced riders. Inquire for more information.

WATERSPORT RENTALS

Are you looking to soak up some sun, and take in all of the natural beauty that the Wasatch back has to offer in the warm summer months? Create lifetime memories for your whole group or family with a day on the water!

Explore Utah's lakes & reservoirs from a ski or fishing boat, an easy-to-operate pontoon boat, jet ski, kayak or stand-up paddleboard; all ready and waiting to be taken for a spin.

Ski boats feature supercharged engines, automated SURF system, wakeboard tower, towable accessories, and Bluetooth audio.

Whether you want an action-packed day on the water, or a leisurely paddle through Utah's waterways at your own pace, our Concierge Team knows all the best spots to make it happen.

Ski and pontoon boat rental times are available for 4-8 hours. Jet ski rentals are available for 2-4 hours.

GUIDED FLY FISHING

Catch the “Zen” when fishing with Park City’s skilled fishing guides. Whether you are a seasoned fly fisher or a novice, they will make your experience one to remember.

There is an abundance of fishing options from blue ribbon fisheries to small streams holding Grayling and Brook trout. Your guide is happy to personalize your experience and outfit you with all of the gear & tackle you’ll need, and of course a fishing license. Day trips last from 5-8 hours. Ages 8+

SCENIC PROVO RIVER TUBING

Have a blast tubing down the Provo River! You'll be outfitted with a high-quality tube and life jacket with transportation to and from the starting/ending point, so all you have to do is sit back and get ready for some major excitement down the mild river, where you may encounter a few rapids.

With our tubing adventures, whether you go with family or friends, as a couple or part of a large party, you are going to love this trip! Provo River is a short 45-minute drive from Park City, with incredible scenery along the way - perfect for a quick stop to hike or take photos before or after your tubing adventure!

Float times range from 90 - 120 minutes and begin at various times throughout the day. Age 12+ (experienced swimmers only) for solo rafts. Shared or double rafts available for accompanied younger children or those needing additional accommodations. Wetsuits, water booties and electronics/dry bags available for additional rental fee.

WEBER RIVER RAFTING

Beat the Utah heat and relax with your family, friends, or colleagues while riding the rapids of the Weber River! With the first rapid only 50 yards below the put-in, this is the most exciting half-day rafting trip on the Class II Weber River.

Your group will be on a 13-foot Super Puma raft and paddle through splashy, exciting rapids with assistance from your experienced guide. Boats can accommodate up to 6 guests in one raft.

Calm stretches provide opportunities to bask in the sun, search for wildlife, or start a water fight. All essential gear is provided, just show up with appropriate footwear & clothing, sunscreen, and a positive attitude - you'll be set for an unforgettable outdoor experience!

Choose from a morning or afternoon adventure. Your time on the river is about 2 - 2.5 hours. Ages 4+, two person minimum.

WHITE WATER KAYAKING

Looking for a more demanding whitewater experience? Paddle the class II whitewater of the Weber River in a single or tandem inflatable kayak. Enjoy unique geological formations while you get wet. You will be paddling your own boat while an experienced guide floats along with the group providing instruction and guidance.

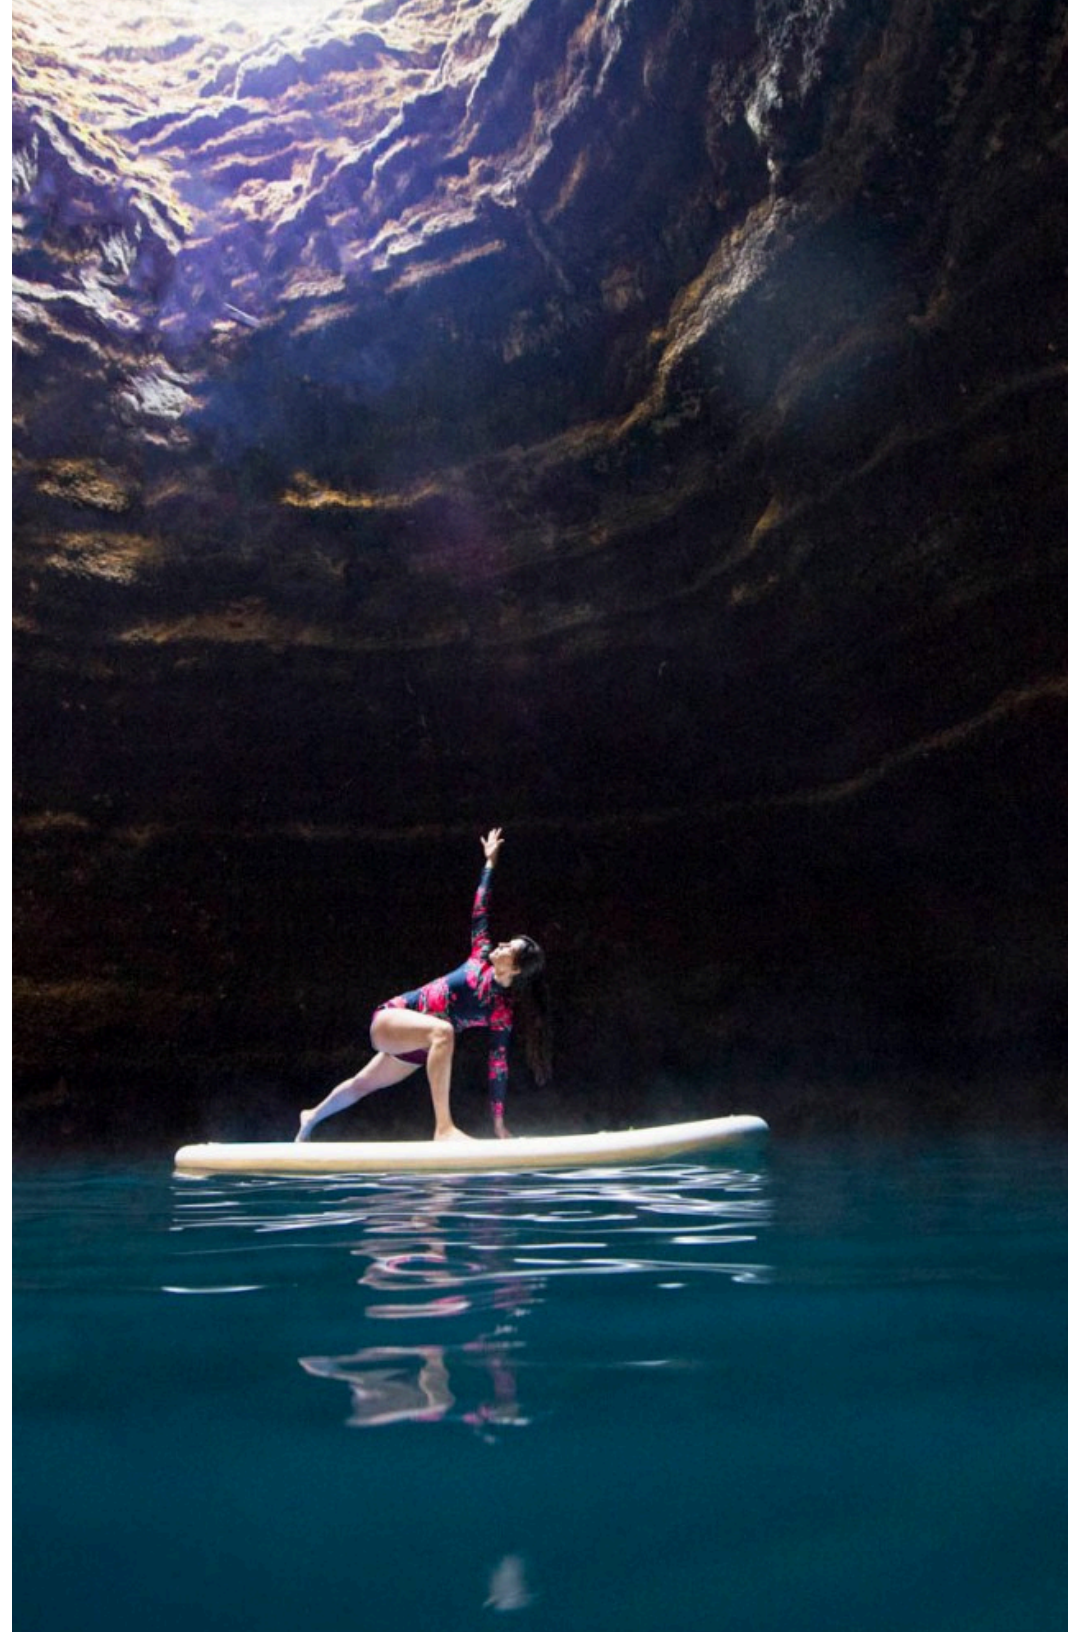

Choose from a morning or afternoon adventure. Your time on the river is about 2 - 2.5 hours. Previous whitewater experience is required, and you must be able to swim. The waves seem bigger and staying dry is not an option, in fact a swim is likely! All essential gear is included. Ages 12+

GEO-THERMAL POOLS

Nestled in Heber Valley lies one of Utah's best kept secrets. This geothermal hot spring that was created over 10,000 years as melting snow went deep into the earth and percolated upward from being heated by the earth's interior. As the warm water rose to the surface, it picked up minerals - eventually creating the beehive-shaped limestone deposit.

The natural phenomenon attracts visitors from all over the world and truly is a once-in-a-lifetime experience. Mineral rich water maintains a temperature of 90-96 degrees Fahrenheit year-round and you can relax in the water while the opening at the top of the dome lets in the crisp mountain air and sunlight.

With a depth of 65 feet and a 400-foot-wide base, the hot spring is the ultimate destination for scuba divers and scuba enthusiasts across the globe. You can even get scuba certified at the only warm scuba destination in the Continental US. If scuba diving isn't on your agenda, you can simply swim, soak, snorkel, SUP, or even just tour the Homestead Crater. Custom-built decks that go into the water make it easy to sit back and recharge in the magic of the volcanic waters. Lifejackets and snorkels are supplied so the whole family can experience the warm mineral water. This trip lasts 2 hours, with a minimum of two people, and varies based on weekday or weekend rates. This excursion is unavailable on Sundays.

HELICOPTER TOURS

For those who truly want space, solitude, and unrivaled off-the-beaten-path experiences, we invite you to explore further afield in Utah's remote, high-alpine wilderness areas. Higher peaks give access to endless horizons, wildlife spotting and the chance to experience nature away from human contact.

A Helicopter Tour provides the perfect occasion to pop the question, celebrate a birthday or anniversary, spice up a corporate event, or just sit back and enjoy the ride. 90-minute scenic tours depart from Salt Lake City International Airport, flying high over the Wasatch Range, from Mt. Timpanogas to Park City where you may be able to spot your Abode down below! Accommodates a maximum of two passengers.

SKYDIVING

Skydiving in Utah is the clear choice to create this lifetime memory because of the upgraded Grand Caravan that will take 20 people to 13,000 ft in 13 minutes! That's 17,500ft above sea level, which is difficult for most aircraft, but nothing for this upgraded engine! This means you get the most free-fall time, with a fast and comfortable airplane ride!

Skydiving is an amazing experience on so many levels, but the views over the Great Salt Lake, combined with mountain ranges all around as far as you can see, put this experience over the top. This whole trip lasts about 4-5 hours. Maximum weight to enjoy this experience is 250 lbs.

HOT AIR BALLOONING

Take in the absolute best views of Park City with a hot air balloon ride high above the town. Gaze out over Kamas Valley as you ascend thousands of feet into the sky with the Wasatch Mountains forming a rugged skyline to the west and the streets of Park City gradually getting smaller and smaller. It's a smooth ride to the top where quiet contemplation awaits.

Once you've arrived at the launch site, you have the option of participating in the setup of the balloon, which is an event itself as hundreds of thousands of cubic feet of the balloon's interior space are inflated to take flight.

Trips take off about 15-20 minutes from Park City in the early morning (6:15am-7:00am) and you'll be in the air about an hour. Baskets can hold 2-12 guests, depending on the size. Your experienced pilot will be with you and in control of the aircraft the entire time, and they even help out with photos to capture your special moment. Accommodates up to 12 passengers. Ages 4+

play all day

ZIPLINE

Thrill seekers must experience Utah's most unique and world-record setting adventure activities!

Choose from the longest zipline over water in the world (over 3,900 feet), or one of six thrilling adventure courses that feature ropes course elements, elevated aerial suspension bridges, masterfully engineered stair systems, and miles of high flying ziplining, with mountain and lakeside views to inspire you!

Tours accommodate a variety of ability levels, with six packages available involving some or all the zip line and course sections, ranging from 1-3.5 hours. Due to the nature of this activity, there are age and weight requirements.

UTAH OLYMPIC PARK

Just outside of downtown Park City, at 7,300 ft. elevation, the Utah Olympic Park still buzzes with excitement and enthusiasm that one might have expected when the Park hosted five events during the Salt Lake 2002 Olympic Winter Games: bobsled, skeleton, luge, and the Nordic combined events.

Don't forget to catch the "Flying Aces" show, Friday and Saturday evenings, as future Olympians practice their Aerial Tricks into the Park's Pool. Enjoy unlimited use of the Alpine Slide, Extreme Tubing, Extreme Zip, Freestyle Zip, Discovery Course, Canyon Course, Summit Course, Drop Tower, Airbag Jumps + Scenic Chairlifts for a 3.5-hour session. Weight and height requirements vary for each activity.

Session #1 | 9:30 am - 1:00 pm

Session #2 | 2:00 pm - 5:30 pm

GOLF

You can golf in Park City the same day you fly in. It's true! Park City golf courses are less than an hour away from Salt Lake City International Airport. The hard part is deciding which Park City golf course you should play first. Park City and the surrounding area are home to seven public courses.

Once you've chosen a course - perhaps one designed by William Neff or a Rees Jones championship course, or our local Park City Golf Club, your next challenge will be to master the art of hiding your shock over how much further your ball soars!

Go ahead and tout the bragging rights of your improved game to friends back home. We'll keep your secret about how our mountain location actually adds distance to your shot.

Pricing varies based on course, duration and group size. Canyons offers rental clubs for an additional fee. Courses don't allow outside food/beverages. Ages 8+

PARK CITY GHOST TOUR

Walk the streets of Old Town Park City and hear ghost stories that have been collected over the years. The research was conducted by retired history teachers and a film maker who has studied metaphysics and paranormal activity including human ESP, and the mysteries of crop circles. If you are a believer in ghosts, you will hear some of the best ghost stories ever to come out of the west; and if you don't believe in ghosts, prepare to have your mind changed!

This is a walking tour, so please dress accordingly with warm clothing and comfortable shoes. If you'd like we can also assist you with dinner reservations for after the Tour. Minimum of 4 ghoul.

fit & wellness

PRIVATE IN-ABODE SPA SERVICES

Relax, and unwind in the comfort of your Abode with the best massage therapists in Park City. Indulge in any number of stress-reducing, relaxational or therapeutic massage treatments.

Licensed massage therapists are happy to do multiple massages and various modalities of your choice. They also offer infrared heated tables for a deeper heated experience.

Choose from deep tissue, hot stone, Swedish massage, salt/sugar scrub massage, Thai, CBD treatment or couples massage. Have another request? Reach out to our concierge for a customized experience.

OXYGEN TREATMENT

Almost half of all guests suffer from the symptoms of altitude sickness as available oxygen decreases as you steadily climb towards our altitude of over 7,000 feet above sea level here in the the Wasatch Mountains. Symptoms like headache, nausea, shortness of breath, trouble exercising, fatigue, dizziness, trouble sleeping or loss of appetite may be felt when traveling to or shortly after arriving in Park City, and can set your precious vacation minutes back!

Concentrated oxygen from an oxygen concentrator provide 95% pure oxygen and has been proven to be the most effective tool in treating and preventing altitude sickness in Park City or Deer Valley. As your oxygen saturation increases your symptoms will decrease and you will feel better, sleep better and enjoy your vacation more!

Order ahead of your arrival or as soon as symptoms set in, and a team will deliver your concentrator to your Abode, teach you how to use it, and collect it after your departure.

HOT & COLD SPRINGS

Utah's not just about Hiking and Skiing, the state is well known for their Hot/Cold Springs. The valley where some of the most popular Hot/Cold Springs are located was once home to more than 450 generations of Native American families. The North Shoshone Bannock were the last native people to call the Springs home. Once a year their tribe returned to the Springs to spend time together and tell stories of their ancestors. Post Native American history brought the Chinese railroad workers to the area to soak in cedar tubs. These two springs surfacing this close to each other are the second closest hot and cold spring in the world.

These two springs are what fill our 3 mineral hot tubs, large soaker pool and an Olympic size pool.

HOT SPRINGS

Our natural hot spring ranges in temperature from 120 - 134°F (51°C - 57°C) and contains the highest mineral content (46,000 mg/L) found in any hot spring in the World. In 5 minutes, 8,400 gallons of hot spring water surfaces. This hot spring water is coming from 8,000 feet below the earth's surface and is estimated to be around 22,000 years old.

COLD SPRINGS

Less than 50 feet from our natural hot spring surfaces a 65°F - 75°F (18°C - 24°C) cold spring. The cold spring has a slightly higher rate of flow, every 5 minutes 9,200 gallons of water surface.

Guests ages 4+ can bathe in these pools for up to 8 hours, allowing them to receive the maximum benefits from the minerals found in these pools. Some of these minerals include calcium, chloride, fluoride, iron, lithium, magnesium, manganese, etc. Outside food and beverage is not allowed in the springs.

E-BIKE RENTALS

Biking on an open mountain trail or road is a feeling of freedom, a feeling of exhilaration, a feeling that taps into travel at its core: Sometimes you just need to be on the move! Park City is designated the world's first Gold-Level Ride Center by the International Mountain Bicycling Association, and it's not just because of the all-out expert-only trails.

With more than 400 miles of single-track around Park City, there's something for everyone. Take control of your wanderlust and spend your days climbing, cruising or just meandering throughout the 450+ miles of public trails available in Park City's mountains.

Half, full, or multi-day rentals available with a fleet of full- suspension mountain bikes or bikes to cruise the city. Includes door-to-door delivery & pickup, ensuring your gear will be awaiting your arrival. This also includes helmets & bike locks - All the essentials to ensure a smooth & safe ride.

GUIDED HIKING

Park City and Northern Utah have long been regarded as a world class outdoor destination, and a hiker's paradise! There are a variety of hikes throughout Park City, in the wild Uinta Range, and south of town at Sundance Resort. Whether you are interested in learning local mining history, getting a workout, or taking a scenic chair lift ride with a leisurely stroll, we have you covered. Who knows, a towering waterfall may be just around the corner!

Choose from local, lift-served, Uinta or Stewart Falls hiking routes. Experienced local guides can accommodate hikers of any skill level, dividing trips by pace: leisurely, moderate and aerobic.

The time on the trail will vary between 1 to 4 hours depending on which pace you choose. Our guides will carry plenty of water and a light snack for the group in their pack, allowing you to stay hands-free to take plenty of pictures or maintain your pace.

STEWART FALLS HIKE

Tackle a lift ride and a waterfall all in the same hike! We will pick you up and transport you 45 minutes away to Sundance Mountain Resort where we will ride the lift up the mountain and take a hike to a beautiful waterfall. After cooling off at the waterfall we will lead you back to the base of the mountain. The terrain on this 3-mile hike runs nearly level to downhill the entire way. Lift ticket is included. You will be spending 4-5 hours, including transportation, for this excursion.

UINTA HIKE

If you are really in the mood to escape the city, try one of our guided hikes into the Uinta National Forest, about 30 minutes outside of Park City. Place your feet on the only mountain range in the United States that runs east and west and enjoy a completely different side of Park City, full of amazing mountain vistas for as far as the eye can see and inviting freshwater lakes.

LOCAL HIKE

We have a variety of trails in the mountains above town we would love to show you. The drive time to the trailhead is typically very short, averaging 10 minutes each direction. You can expect to be on the trail for 2 to 2.5 hours with a knowledgeable guide. We typically pick up our local hikes at 9:00am or after lunch at 1:30pm.

PARK CITY LIFT SERVED HIKE

Ride the same chair lift you did in January but find out what's under all that snow! Enjoy 1.5 hours of hiking and a relaxing ride up higher into the mountains. We can even arrange to take a thrilling ride back down the mountain on the PCMR alpine slide. This beautiful hike is offered daily starting at 9:00am or at 1:30pm.
